

1080P Smart WiFi Video Doorbell Camera

Description

Upgrade Your Home Security

Ensure the safety of your home and loved ones with the 1080P Smart WiFi Video Doorbell Camera. This advanced wireless doorbell offers two-way audio communication, infrared night vision, and remote monitoring, giving you peace of mind wherever you are. With the included 64GB SD card, you can store video recordings directly on the device, making it easy to review any activity at your door. Whether you're at home or on the go, this smart video doorbell allows you to communicate with visitors, monitor your doorstep, and receive real-time alerts when motion is detected.

Designed for durability, the doorbell features an IP65 waterproof and dustproof rating, ensuring it functions perfectly in harsh weather conditions. The built-in 1080P wide-angle camera with a 140° field of view ensures you never miss a detail. With motion detection, message alerts, and Alexa voice control integration, this doorbell is a powerful tool for boosting your home security. Plus, the rechargeable battery offers long-lasting performance, so you never have to worry about interruptions.

Product Features

- 1080P HD camera with a 140° wide-angle lens for clear video capture
- Two-way audio communication for real-time conversation with visitors
- Infrared night vision for clear video even in low-light conditions
- Remote monitoring and control via the smartphone app, including motion detection alerts
- 64GB SD card for local video storage, plus cloud storage option via the app
- IP65 waterproof and dustproof, perfect for outdoor use in any weather
- Alexa integration for hands-free control and monitoring
- Rechargeable battery with long standby time (up to 6 months) for worry-free use

Why You'll Love This Smart Video Doorbell

- **Real-Time Communication:** Speak with visitors at your doorstep through two-way audio, ensuring you're always connected even when you're not at home.
- **Advanced Security Features:** With motion detection, night vision, and 1080P HD video, this doorbell keeps you informed of any activity, day or night.
- **Easy Monitoring:** Receive instant notifications on your phone and monitor your home remotely using the Tuya app—ideal for checking on deliveries, visitors, or suspicious activity.
- **Weatherproof Design:** The IP65 rating ensures the doorbell can withstand rain, dust, and varying temperatures, making it a reliable security solution for outdoor use.
- **Convenient Storage:** Store video footage with the included 64GB SD card, or use the app's cloud storage option for additional security and peace of mind.

Secure Your Home with Smart Technology

Take control of your home security with the 1080P Smart WiFi Video Doorbell. Its combination of two-way audio, night vision, motion detection, and remote monitoring makes it the ideal solution for safeguarding your property. Don't wait to enhance your home's protection—add this smart video doorbell to your cart today and stay connected, informed, and secure!
