

15° Tilt Pet Bowl with Non-Slip Stand

Description

Comfortable and Healthy Eating for Your Pet

Give your furry friend the best mealtime experience with this 15° Tilt Pet Bowl, designed for both cats and dogs. The unique 15° inclined angle helps protect your pet's neck by providing a comfortable eating position that reduces strain on the spine. Whether your pet is enjoying their favorite meal or sipping water, this bowl ensures their posture stays healthy, promoting better digestion and overall well-being.

Transparent and Easy to Monitor

The transparent bowl design allows you to easily monitor your pet's food and water intake, ensuring they're eating the right amounts. The sleek white stand and crystal-clear bowl add a modern touch to your home while providing a practical solution for mealtime. Plus, the raised bowl keeps food and water at an accessible height, perfect for pets of all sizes.

Key Features of the 15° Tilt Pet Bowl

- 15° inclined design reduces pressure on your pet's neck and spine
- Non-slip base ensures the bowl stays in place during mealtime
- Transparent bowl allows easy monitoring of food and water levels
- Detachable stand and bowl for effortless cleaning
- Perfect for both cats and small dogs

Why Your Pet Needs This Bowl

Designed with both comfort and health in mind, this pet bowl is perfect for slow feeders and pets that need neck support during meals. The non-slip base keeps the bowl secure, preventing spills and

sliding, while the raised design ensures your pet can eat and drink with ease. This bowl is best used for daily feeding and drinking, offering a comfortable, hygienic solution for your pet's mealtime needs.

Make your pet's mealtime more enjoyable and healthy. Add this 15° Tilt Pet Bowl to your cart today and provide the perfect feeding solution for your furry friend!
