

## 28 Quart Electric Cooler and Warmer

### Description

## Keep Your Food Fresh or Warm on Every Adventure

Make every road trip, camping adventure, or picnic more enjoyable with this 28 Quart Electric Cooler and Warmer. Whether you're planning to keep drinks cold or meals hot, this portable thermoelectric cooler is designed for ultimate convenience. Featuring both AC and DC power adapters, you can effortlessly switch between home and car use. With a 28-quart capacity, this cooler can store up to 30 cans of your favorite beverages, plus snacks, making it the perfect travel companion for any adventure. The compact design fits easily in your vehicle, ensuring you have everything you need while on the go.

## Dual-Function Convenience: Cooler and Warmer

What sets this product apart is its versatility. Not only does it act as a cooler, keeping your food and drinks 14-18°F below the ambient temperature, but it also functions as a warmer, reaching temperatures up to 150°F. This dual-functionality makes it perfect for any season, whether you're keeping refreshments cold in the summer or food warm during colder months. The one-button hot/cold switch ensures a simple, hassle-free operation, while built-in fans provide safe and efficient performance.

## Key Features

- Dual cooling and heating function for all-season use
- 28-quart capacity, fits up to 30 cans or other travel essentials
- AC/DC compatibility for both home and vehicle use
- Removable divider for easy organization
- Quiet operation with minimal noise and vibration
- Compact and portable design with a convenient handle
- Auto-locking system to prevent spills during transport

## Why Choose This Electric Cooler and Warmer?

- **Perfect for Travel:** With its ability to plug into both your home's AC outlet and your vehicle's 12V socket, this cooler is ideal for long road trips, camping weekends, and outdoor adventures.
- **All-Season Use:** Whether you're battling summer heat or cold winter winds, the dual cooling and warming function ensures your snacks and drinks are always at the right temperature.
- **Energy-Efficient Design:** The thermoelectric cooling system is energy-efficient and operates with low noise, so you won't be disturbed on long drives.
- **Durable and Portable:** Featuring a sturdy handle and an auto-lock design, this cooler is easy to carry and prevents accidental openings during transport.

## Make Your Next Adventure Easier

This 28 Quart Electric Cooler and Warmer is a must-have for anyone who enjoys road trips, camping, or outdoor activities. Its compact size, energy efficiency, and dual functionality make it a convenient and versatile companion for any occasion. Don't leave home without it—stay refreshed and keep your meals at the perfect temperature with this easy-to-use electric cooler.
