

## 3-Channel 2K HD Dash Cam with Front, Rear & Inside Recording, IR Night Vision

### Description

## Capture Every Angle with This 3-Channel 2K HD Dash Cam

Protect yourself on the road with this advanced 3-Channel 2K HD Dash Cam, offering superior video recording from the front, rear, and inside of your vehicle. Whether you're navigating daily commutes or long road trips, this dash cam delivers crystal-clear footage with a wide-angle lens to cover all angles. It features 2K 1440P resolution for the front camera, 720P for the interior, and 480P for the rear, ensuring that every detail is captured, no matter where it happens. This is the ultimate tool for safety-conscious drivers, rideshare operators, and road trip enthusiasts.

## High-Definition Recording Day or Night

Equipped with IR Night Vision and four infrared LED lamps, this dash cam performs exceptionally well in low-light conditions, making it perfect for night driving. With a 3.16-inch LCD display, you can easily review footage right on the device, and loop recording ensures that you never run out of space. The G-sensor lock function automatically secures important clips during sudden impacts or collisions, providing valuable evidence when you need it most.

## Advanced Features for Maximum Protection

Not only does this dash cam offer multi-angle coverage, but it also includes Wide Dynamic Range (WDR) technology for optimal video quality in varying lighting conditions. With built-in parking mode support (requires a hard wire kit), this dash cam keeps your car monitored even when you're away. The device is designed with loop recording, so it continuously captures footage in manageable segments, and it supports micro SD cards up to 256GB for extensive storage.

## Key Benefits

- 3-channel recording: front (2K), rear (480P), and inside (720P) cameras
- Wide-angle lens for maximum coverage
- IR Night Vision for clear footage in low light
- G-sensor lock to protect crucial recordings
- Loop recording prevents memory card overflow
- Parking mode support for 24/7 monitoring
- Supports micro SD cards up to 256GB
- Easy playback on the 3.16-inch LCD display

## Perfect for Any Driver

Whether you're driving at night, navigating tricky parking spots, or just want extra peace of mind, this 3-channel dash cam is the perfect companion for every journey. It's ideal for rideshare drivers who need to capture interior activity or everyday drivers seeking added security on the road. With its user-friendly interface and essential safety features, this dash cam is the reliable extra set of eyes you need to keep you protected.

## Stay Secure with 24/7 Coverage

Don't leave your safety to chance. Add this 3-Channel 2K HD Dash Cam to your cart today and ensure that every mile is recorded in stunning clarity. Capture every detail and drive with confidence knowing you have complete coverage, day or night.
