

4K 8MP WiFi Outdoor Security Camera, Dual Lens, AI Detection, 4X Zoom, Night Vision

Description

Keep Your Home Safe with Crystal-Clear 4K Surveillance

Protect your home or business with the latest in security technology — the 4K 8MP WiFi Outdoor Security Camera. Equipped with dual lenses and 4X digital zoom, this advanced PTZ IP camera ensures you never miss a detail. Whether it's day or night, you'll get a clear view with its powerful night vision. The dual-lens design delivers two screens for more comprehensive coverage, making sure every corner of your property is monitored. Plus, the AI human detection feature alerts you instantly when it senses movement, ensuring that you're always in control, wherever you are.

This camera is perfect for anyone looking for a reliable, high-performance security solution that works around the clock. Its IP66 waterproof rating means it's built to withstand harsh outdoor conditions, while the 270° pan and 90° tilt functions allow you to remotely adjust the camera's position via the easy-to-use iCSee app.

Product Features

- 4K Ultra HD Resolution (8MP for sharp, clear images)
- Dual-Lens with Two Screens for enhanced viewing
- AI Human Detection for instant, accurate alerts
- 4X Digital Zoom for detailed close-ups
- Color and Infrared Night Vision for round-the-clock surveillance
- Two-Way Audio to communicate with visitors or warn intruders
- 270° Horizontal Pan and 90° Vertical Tilt for wide coverage
- IP66 Waterproof for outdoor durability
- Supports SD Card (up to 128GB) and Cloud Storage for flexible recording options
- Onvif protocol support for third-party NVR compatibility

Why Choose This Security Camera?

With its dual-lens design and AI-powered detection, this camera offers superior coverage and smart monitoring, setting it apart from regular security cameras. You can monitor two different angles simultaneously thanks to its two-screen feature, while its smart detection only alerts you to human movement, reducing false alarms. With remote access through the iCSee app, you can check in on your property from anywhere, giving you peace of mind even when you're away.

Benefits You'll Love

- Enhanced safety: AI human detection ensures timely alerts.
- Clear video at any time: Enjoy full-color night vision and infrared modes.
- Complete coverage: Dual-lens design lets you view multiple angles at once.
- Flexible storage options: Choose between SD card or cloud storage for your video recordings.
- Easy installation and control: Wireless connection options with easy app control on your smartphone.
- Durable and weatherproof: Built to perform in all weather conditions with an IP66 waterproof rating.
- Two-way communication: Speak to visitors or ward off unwanted guests with built-in two-way audio.

Take Control of Your Security

Stay safe and secure with this advanced 4K 8MP WiFi Outdoor Security Camera. The dual-lens design, AI detection, and full night vision ensure you have complete control of your property at all times. Don't wait—upgrade your security today and protect what matters most.
