

4K WiFi6 Portable Home Cinema Projector

Description

Experience Cinema at Home with 4K WiFi6 Projector

Transform your living space into a personal theater with the 4K WiFi6 Portable Home Cinema Projector. With its advanced technology and compact design, this projector offers an immersive viewing experience whether you're at home or outdoors. Featuring Android 11, dual WiFi, and a powerful Allwinner H713 CPU, it delivers seamless performance and brilliant image quality.

Key Features

This projector comes loaded with features that make it a must-have for any movie enthusiast:

- **4K Support:** Enjoy stunning clarity and vibrant colors with native 1280*720P resolution and 4K support.
- **Android 11 System:** Access your favorite apps and streaming services directly from the projector.
- **Dual WiFi 6:** Connect effortlessly with both 2.4G and 5.8G WiFi, ensuring a stable and fast connection.
- **260 ANSI Lumens:** Bright and clear visuals, even in moderately lit rooms.
- **Portable Design:** Lightweight and easy to carry, perfect for outdoor movie nights.
- **Bluetooth 5.0:** Connect wireless speakers or headphones for enhanced audio experiences.
- **Flexible Projection:** 180° adjustable angle to project images on any surface.
- **Low Noise:** Quiet operation ensures a distraction-free viewing experience.
- **Long Bulb Life:** LED light source with 50,000 hours of lifespan.

Perfect for Any Occasion

Whether you're hosting a movie night at home or enjoying an outdoor screening, the 4K WiFi6 Portable Home Cinema Projector is designed to deliver exceptional performance. Its compact size and portability make it easy to set up anywhere, while the advanced Android 11 system lets you stream movies, shows, and videos with ease.

What Makes It Special?

This projector stands out with its combination of high-tech features and user-friendly design. The Allwinner H713 quad-core CPU ensures smooth playback, and the Mali-G31 GPU supports high-quality graphics. The projector's ability to correct the picture from any angle with the remote control makes it incredibly versatile. Additionally, the low noise level and lightweight design add to its appeal, making it a perfect choice for both home and outdoor use.

Product Benefits

- Enhanced viewing experience with 4K support and high brightness.
- Convenient access to apps and streaming services via Android 11.
- Stable and fast internet connection with dual WiFi 6.
- Portability for easy setup anywhere, anytime.
- Quiet operation for an immersive experience without distractions.
