

60W Bluetooth Party Speaker

Description

Powerful 3-Way Sound for Unforgettable Parties

Take your party to the next level with this 60W Bluetooth Party Speaker featuring a 3-way sound system that delivers a booming audio experience. Whether you're hosting a karaoke night, an outdoor gathering, or a casual get-together, this speaker will ensure that every beat, bass, and melody is heard clearly. With a rich sound range from 40Hz to 20kHz, it creates an expansive, immersive soundstage perfect for any event.

Seamless App Control & Personalized Audio Modes

This speaker offers more than just volume—it gives you control. With the easy-to-use app, you can personalize your audio settings and switch between dual audio modes to tailor the sound to your preferences. Create a club-like atmosphere with beat-driven lighting or opt for a subtler mood with customizable light settings. Sync your music with the rhythm of the lights and set the tone for the ultimate party experience.

Perfect for Outdoor and Indoor Events

Whether you're partying by the pool or in your living room, this speaker has you covered. Its IPX6 waterproof rating ensures it's splash-resistant, making it ideal for poolside gatherings or beach days. With up to 18 hours of playtime, your party can go on well into the night without a hitch. Plus, the built-in handle makes it ultra-portable, so you can easily take the party anywhere.
