

60W Bluetooth Speaker with Deep Bass, 20-Hour Playtime, 360° Sound, IPX5, NFC

Description

Powerful 60W Sound with Unmatched Bass

Elevate your music experience with this powerful 60W Bluetooth speaker, designed to deliver deep bass and 360-degree surround sound. Whether you're hosting a party, relaxing at home, or enjoying outdoor activities, this speaker brings immersive, high-quality audio that fills the entire space. Featuring four tweeters and a woofer, it offers balanced sound from every angle, ensuring everyone enjoys the same excellent sound experience. The SoundPuls technology further enhances each beat, making every note more intense and detailed, bringing your favorite tracks to life.

All-Day Playtime and Wireless Convenience

Designed for those who never want the music to stop, this speaker offers an impressive 20-hour playtime on a single charge, thanks to its 12,000mAh rechargeable battery. With Bluetooth 5.0 and NFC support, you can stream music wirelessly from your devices effortlessly. Simply tap your NFC-enabled smartphone, and your music will start playing instantly. For even more powerful sound, you can pair two speakers wirelessly for true stereo sound, creating the ultimate home theater experience.

Built to Withstand the Elements

Whether you're indoors or outdoors, this Bluetooth speaker is ready to perform. With an IPX5 waterproof rating, it can handle splashes, rain, or even poolside mishaps without missing a beat. Its sleek, cylindrical design is not only functional but also stylish, making it a perfect fit for any home décor. The premium aluminum alloy and fabric finish give it a sophisticated, modern look.

Easy Control and Voice Assistant Compatibility

Navigating through your playlist has never been easier with the intuitive touch control panel. The integrated lighting touch panel allows for easy use, even in the dark. Plus, with built-in support for Siri and Google Assistant, you can access your personal assistant with just a tap, checking your calendar, setting reminders, or controlling your music hands-free.

Key Benefits of the 60W Bluetooth Speaker:

- Powerful 60W output with SoundPulse technology for enhanced bass and clear sound
- 360-degree surround sound with four tweeters and one woofer for balanced audio
- 20 hours of playtime with a built-in 12,000mAh battery, perfect for long listening sessions
- IPX5 waterproof rating for worry-free use at the pool, beach, or outdoors
- Bluetooth 5.0 and NFC for seamless wireless connectivity
- True Wireless Stereo pairing for a home theater-like experience
- Intuitive touch control panel and voice assistant support (Siri and Google Assistant)

Elevate Your Audio Experience Today

If you're looking for a Bluetooth speaker that combines power, durability, and elegance, this 60W speaker with deep bass and 360° sound is the perfect choice.
