

Adjustable Heavy-Duty 5-Shelf Steel Shelving Unit

Description

Transform Your Space with Versatile Storage

Discover the ultimate solution for cluttered spaces with the Adjustable 5-Shelf Z-Beam Steel Storage Rack. Ideal for homes, offices, warehouses, or any area that requires organization, this shelving unit brings a blend of strength, versatility, and elegant design. Its sleek silver vein finish not only adds a modern touch to any setting but also provides a durable surface that withstands the test of time.

Unmatched Durability Meets Flexibility

Constructed from heavy-gauge steel with a powder coat finish, this shelving unit promises unparalleled durability and support. Each of the five shelves is capable of holding up to 800 pounds of evenly distributed weight, offering a total capacity of 4,000 pounds. Adjustability is at the heart of its design, with shelves that can be modified in 1.5" increments, ensuring that items of all sizes find their perfect spot.

Features at a Glance

- Boltless steel storage rack with 5 adjustable shelves
- Shelves adjust in 1.5" increments for versatile storage options
- Heavy-gauge steel frame with a stylish silver vein finish
- Easy, boltless assembly with post couplers for added rigidity
- Can be assembled vertically as a shelving unit or horizontally as a workbench
- Total weight capacity of 4,000 pounds

Why Choose This Steel Shelving Unit?

Whether you're looking to organize your garage, basement, workshop, or office, this shelving unit

offers the perfect mix of style, strength, and storage flexibility. The ability to assemble it vertically for shelving or horizontally as a workbench adds to its versatility, making it a valuable addition to any space. The boltless design ensures easy assembly, allowing you to put it together in minutes and start organizing your space without delay.

Product Benefits

- Maximizes storage space and helps keep items neatly organized
- Adjustable shelves accommodate items of varying sizes
- Durable construction ensures long-lasting use
- Sleek design enhances the aesthetic of any environment
- Flexible assembly options for tailored use in different settings

Make Organization Easy
