

Advanced Far Infrared Heated Mitten Gloves with 3-Temperature Control & Rechargeable Battery

Description

Experience Ultimate Warmth and Comfort

Introducing our state-of-the-art Heated Mitten Gloves, meticulously crafted for those who refuse to let the chill of winter hamper their active lifestyle. Whether you're facing a frosty morning commute, embarking on a snowy adventure, or battling conditions worsened by Raynaud's, Arthritis, or poor circulation, these gloves are your quintessential winter companion. With their sleek design and unparalleled warmth, they promise to transform your cold weather experiences.

Exceptional Features for Maximum Efficiency

Our gloves are not just regular winter wear; they are an advanced solution engineered with cutting-edge technology and superior materials. The heart of their functionality lies in the carbon fiber heating elements, providing comprehensive warmth that extends from the back of the hand all the way to the fingertips.

- **Adaptive Heating:** Equipped with a 3-level heat setting, these gloves offer a customizable experience. Choose from high (140-150 F), medium (122-131 F), or low (100-113 F) settings to suit your comfort needs.
- **Long-Lasting Warmth:** Powered by high-capacity 7.4V 2200mAh rechargeable batteries, enjoy up to 6.5 hours of continuous warmth on a single charge.
- **Premium Quality:** Crafted from high-grade goat skin leather, the gloves are not only durable but also provide a luxurious feel.
- **Practical and Versatile:** These gloves are waterproof, windproof, and feature touch screen-compatible fingertips, making them perfect for various outdoor activities.

When and Where to Use

The versatility of our heated gloves makes them ideal for a wide range of activities. Use them for skiing, snowboarding, motorcycle riding, or simply for daily wear during cold winter days. Their waterproof and windproof qualities make them an excellent choice for all outdoor adventures.

Easy Maintenance

Caring for these gloves is hassle-free. You can hand wash them for safety or use a machine wash with a sack bag. The battery is easily removable for convenient charging, ensuring your gloves are always ready for your next outing.

What's Included

- A pair of heated gloves
- Two 7.4V 2200MAH rechargeable batteries
- An 8.4V dual battery charger
- A stylish carry bag
- User manual for ease of use

Take Control of Your Comfort

Don't let the cold dictate your life. Embrace the winter with confidence and comfort. Add our Advanced Far Infrared Heated Mitten Gloves to your cart today and experience the warmth like never before!
