

Automatic Pet Feeder for Dogs and Cats

Description

Transform Your Pet's Mealtime with Ease and Precision

Wave goodbye to the early morning pet wake-up calls and embrace a new era of feeding convenience with the Automatic Pet Feeder for Dogs and Cats. Designed to cater to your furry friend's dietary needs, this innovative feeder ensures they're fed on time, every day, without fail. Whether you're catching extra sleep on the weekend or managing a busy schedule, your pet's meals are always on time.

Key Features at a Glance

- Flexible Meal Scheduling: Up to 12 meals a day, from 1/8 cup to 4 cups per meal, to suit your pet's unique dietary needs.
- Compatibility with Various Kibble Types: Works with dry and semi-moist kibble up to 3/4 inch in diameter.
- Slow Feed Option: Perfect for fast eaters, dispensing meals larger than 1/8 cup over 15 minutes to prevent bloat and indigestion.
- Pet-Proof Design: Prevents curious paws from sneaking food before their scheduled meal times.
- Easy Cleanup: Dishwasher-safe parts and a stainless-steel bowl for hassle-free cleaning.
- Battery Operated: Ensures reliable feeding with options for a power adaptor (sold separately).

Why Choose Our Automatic Pet Feeder?

Our feeder stands out with its unique conveyor system that precisely measures and dispenses your pet's meals, whether dry or semi-moist. The Slow Feed feature is a game-changer for pets that gulp

their food, reducing the risks of bloat by dispensing meals over 15 minutes. Designed to be pet-proof, it keeps food secure until the scheduled feeding time, ensuring your pet follows their dietary plan without overeating. Easy to disassemble and clean, it promotes hygiene and health for your pet.

Product Benefits

- Automated meal scheduling saves you time and ensures your pet is fed regularly.
- Flexible portion control helps manage your pet's weight effectively.
- Slow Feed option promotes healthy eating habits.
- Easy cleaning process with dishwasher-safe components.
- Battery operation with optional power adaptor provides flexibility and reliability.
