

Compact HD 1080P Mini Camera with Night Vision and Motion Detection

Description

Unleash the Power of Miniature Surveillance

Introducing our latest innovation in compact surveillance technology – the Compact HD 1080P Mini Camera. Designed for discreet recording and monitoring, this mini camera is your perfect companion for capturing high-definition video in a variety of settings. Whether you're looking to enhance your home security, monitor office activities, or capture special moments on the go, this versatile device is built to meet your needs.

Key Features

- High Definition Video Recording: Capture crisp, clear 1080P video at 30 frames per second.
- Night Vision Capability: Record detailed footage even in low-light conditions.
- Motion Detection: Smart technology triggers recording only when motion is detected, conserving storage and battery.
- Extended Battery Life: Enjoy up to 60 minutes of continuous recording with a 180mAh battery.
- Expandable Memory: Supports MicroSD/TF cards from 8GB to 32GB for ample storage space.

When to Use Your Mini Camera

Compact and versatile, this camera is ideal for a range of applications. Use it at home for security, as a body camera for personal safety, or attach it to your bike helmet for recording adventures. It's also perfect for journalists and private investigators who require discreet recording capabilities.

What Makes It Special?

The MD18 Mini Camera stands out with its blend of size, performance, and user-friendly features. Its compact size makes it incredibly portable, while the high-definition video and night vision capabilities

ensure you don't miss a detail. The motion detection feature adds an extra layer of efficiency, making it a smart choice for all your surveillance needs.

Product Benefits

- Discreet and Compact: Easily concealable for covert recording and surveillance.
- User-Friendly: Simple to operate, even for beginners.
- Versatile: Suitable for a wide range of personal and professional uses.
- Quality Assurance: Comes with CE, FCC, and RoHS certifications, ensuring product reliability and safety.
