

Cordless Robotic Pool Cleaner

Description

Effortless Pool Cleaning

Transform your pool maintenance routine with our Cordless Robotic Pool Vacuum Cleaner, designed for in-ground pools up to 60 feet in length. Featuring a wall climbing function, this advanced cleaner offers maximum cleaning power to keep your pool spotless. With its intelligent navigation system and powerful suction capabilities, you can enjoy a pristine pool with minimal effort.

Product Features

Our cordless pool cleaner is equipped with a four-wheel drive system and specialized flexible scrubbing brushes, ensuring thorough cleaning of your pool's floors, walls, and waterline. The triple-motor design provides increased suction power to effectively remove sand, dirt, leaves, twigs, and debris. With a wide suction mouth, it efficiently picks up larger debris, saving you time and effort.

- **Material:** High-quality plastic
