

Cordless Wet Dry Cleaning Smart Washing Mop Robot

Description

Revolutionize Your Cleaning

Experience the ultimate convenience and efficiency in home cleaning with the Cordless Wet Dry Cleaning Smart Washing Mop Robot. Designed to make your cleaning routine effortless, this advanced device combines powerful suction, smart technology, and versatile functionality to keep your floors pristine. With a suction power of 5500Pa, a large dual water tank system, and a self-cleaning feature, the W90 ensures an impeccable clean every time, whether you're tackling wet or dry messes.

Powerful Suction for Superior Cleaning

The W90 boasts an impressive 5500Pa suction power, making it perfect for removing dirt, dust, pet hair, and other debris from your floors. This powerful suction ensures that even the toughest messes are picked up, leaving your floors spotless. Ideal for use on non-carpeted surfaces such as vinyl, tile, and sealed wood floors, the W90 is versatile enough to handle all your cleaning needs.

Dual Water Tank System for Efficient Cleaning

The W90 features a large dual water tank system, with a 700ml fresh water tank and a 500ml sewage water tank. This ensures that clean water is always used for mopping, while dirty water is collected separately, providing a thorough and hygienic clean. The automatic water flow adjustment optimizes cleaning performance, and the easy-to-remove tanks make refilling and emptying a breeze.

Innovative Self-Cleaning Function

Say goodbye to the hassle of manual cleaning with the W90's one-minute self-cleaning function. Simply place the mop on its storage tray, press the self-cleaning button, and let the W90 take care of the rest. This feature ensures that the roller brush is always clean and ready for the next use,

maintaining optimal cleaning performance with minimal effort.

Convenient and User-Friendly Design

The W90 is designed for ease of use and convenience. Its cordless operation, powered by a 3000mAh battery, allows for up to 30 minutes of continuous cleaning on a single charge. The LED display provides clear information on battery life and cleaning mode, while the ergonomic handle ensures comfortable use. The compact design, measuring 10 x 11 x 47 inches, makes it easy to store when not in use.

Product Benefits

- Powerful 5500Pa suction for deep cleaning
- Dual water tank system for efficient wet and dry cleaning
- Automatic water flow adjustment for optimal performance
- Self-cleaning function for hassle-free maintenance
- Cordless design with a 3000mAh battery for up to 30 minutes of use
