

Electric Silicone Bottle Brush Set with Rotating Head and 1200mAh Battery

Description

Efficient and Thorough Cleaning

Experience the ultimate convenience with our Electric Silicone Bottle Brush Set. Designed for busy parents, this brush set features a 360-degree rotating head that effortlessly cleans baby bottles, pacifiers, and cups. With its eco-friendly and stocked style, this brush set ensures a fast and thorough cleaning experience without any scratches, saving you both time and effort.

High-Quality, Safe Materials

Made from premium, odorless liquid silicone and ABS, our bottle brush set is safe, eco-friendly, and BPA-free. The brush heads are dishwasher safe and can withstand boiling, ensuring that they remain hygienic and ready for use. The high-quality materials guarantee durability and longevity, making this brush set a reliable choice for new parents.

Versatile and Multifunctional

This brush set includes an electric bottle brush, a nipple brush, and a straw cleaner brush, making it suitable for cleaning a variety of items. Whether it's baby bottles, water bottles, milk bottles, pacifiers, or straws, this set has you covered. The multifunctional design ensures that you have the right tool for every cleaning task.

Waterproof and Convenient Design

Our electric bottle cleaner brush is designed with an IP65 waterproof rating, making it body washable and water-resistant. However, please avoid submerging it completely in water. After use, the brush can be conveniently placed on the specially configured hook to save space and keep your kitchen organized.

Perfect Gift for New Moms

New parents often have their hands full, and an electric bottle brush can significantly ease their daily tasks. This set is an ideal gift for pregnant women and new moms, allowing them to focus on precious moments with their children rather than tedious cleaning chores. It's a thoughtful and practical gift that any parent will appreciate.
