

Elite 40MM Automatic Mechanical Watch with Sapphire Crystal & Stainless Steel

Description

Discover Elegance and Precision

Introducing our latest innovation in timekeeping, Elite 40MM Automatic Mechanical Watch, a perfect blend of sophistication and functionality. Crafted for those who appreciate meticulous design and reliable performance, this watch is not just a timepiece; it's a statement.

Exquisite Craftsmanship and Design

At the heart of this watch lies the Japanese NH35A movement, renowned for its accuracy and durability. The watch boasts a robust 316L stainless steel case, complemented by a striking bezel that measures 38mm in diameter. The case, with its 45mm length and 12mm thickness, presents an impressive profile on any wrist.

The dial is shielded by a sapphire crystal glass known for its scratch resistance and clarity. The steel hand pointers are meticulously crafted, featuring C3 Bgreen-ray luminescence for visibility in low light. The 316L stainless steel band, measuring 20mm in width, ensures comfort and durability.

Unparalleled Features

- **Water Resistance:** Equipped with a 10Bar water resistance, this watch is perfect for both professional divers and casual swimmers.
- **Luminous Hands:** Stay visible in the dark with the luminous hands and logo, powered by C3 Bgreen-ray technology.
- **Complete Calendar:** Keep track of your days with the auto-date and complete calendar features.
- **Shock Resistant:** Designed to withstand everyday bumps and shocks.

Perfect for Every Occasion
