

Extra Thick Baby Safety Edge and Corner Protector Tape

Description

Keep Your Little Ones Safe with Extra Thick Baby Safety Edge and Corner Protector Tape

Protecting your child from sharp edges and corners in your home has never been easier with our Extra Thick Baby Safety Edge and Corner Protector Tape. This U-shaped, 2-meter-long foam bumper guard is designed to shield your child from potential hazards on furniture edges and corners, giving you peace of mind. Made from soft, environmentally friendly, fireproof, and non-toxic acrylonitrile-butadiene rubber, this protector is a must-have for any household with young children.

Our edge and corner protector is versatile and suitable for various surfaces including wood, bakelite, ceramic tile, marble, glass, and metal corners. Whether it's a coffee table, desk, or any other furniture, this 2m (6.56ft) tape can be easily cut to fit different sizes, ensuring a perfect fit for your needs.

Features of the Extra Thick Baby Safety Edge and Corner Protector Tape

This product comes packed with features that make it the best choice for child safety:

- Made from soft, environmentally friendly, fireproof, and non-toxic material.
- Total length of 2m (6.56ft) to cover multiple pieces of furniture.
- Suitable for various surfaces such as wood, bakelite, ceramic tile, marble, glass, and metal corners.
- Width of 23mm (0.90in) and thickness of 8mm (0.31in) for extra protection.

Benefits of Using Our Edge and Corner Protector

- **Enhanced Safety:** Protects your child from sharp edges and corners, reducing the risk of injury.

- **Environmentally Friendly:** Made from non-toxic materials that are safe for your child and the environment.
- **Fireproof:** Offers additional safety in case of accidents involving heat sources.
- **Versatile:** Can be used on various types of furniture and surfaces, making it a versatile addition to your home safety toolkit.
- **Easy to Install:** Comes with double-sided adhesive for quick and easy installation.

When and Why You Need This Product

This edge and corner protector is best used in homes with young children, especially those who are just starting to crawl or walk. It provides a cushioned barrier that prevents injuries from bumps and falls against sharp furniture edges. What makes this product special is its combination of safety, environmental friendliness, and fireproof properties. It's designed to be durable yet soft enough to absorb impact, ensuring your child's safety without compromising on quality.
