Product Features

Our Mini Portable Juicer is not just a product; it's a lifestyle enhancer. With its robust 18000rpm motor and dual 2000mAh batteries, it delivers efficient and quick blending every time. The food-grade PC material ensures safety and durability, while the sleek design makes it a stylish addition to your day. This juicer is equipped with a stainless steel blade and a 400ml capacity, perfect for single servings.

When to Use?

Ideal for busy mornings, post-workout refreshments, or a healthy afternoon snack, this juicer is versatile. In just 30 seconds, you can enjoy smoothies, shakes, or juices, making it perfect for those who are always on the move.

What Makes It Special?

What sets our juicer apart is its impressive blending power packed in a portable size. The motor operates at a powerful 18000rpm, ensuring your fruits and vegetables are thoroughly blended for the perfect consistency. The convenience of USB charging adds to its portability, allowing you to charge it anywhere.

Benefits

- Quick and Efficient: Blends in just 30 seconds.
- Highly Portable: Easy to carry, USB charging capability.
- Powerful Performance: 18000rpm motor for smooth blends.
- Safe and Durable: Made with food-grade materials.
- Convenient Capacity: 400ml, ideal for single servings.
- Easy to Clean: Comes with a cup brush for hassle-free maintenance.
