Exceptional Features for Unmatched Comfort

Our inflatable water hammock is crafted from 0.3mm environmental PVC, known for its high toughness and durability. This thickened material is resistant to tears, ensuring long-lasting use. The crystal nozzle with an internal and external double anti-leakage design adds an extra layer of security, so even if the external air nozzle is accidentally opened, it will only leak slowly.

The dual handles provide a secure grip, making it easy to carry and maneuver the float. Additionally, the hammock is equipped with left and right cup holders, allowing you to enjoy your favorite beverages while floating.

Whether you're lounging by the pool, enjoying a sunny day at the beach, or simply relaxing in your backyard, this water hammock is an ideal companion. Suitable for both adults and juveniles, it offers a versatile and enjoyable way to spend time on the water.
