

Interactive Motion Activated Dog Ball – Automatic Rolling Toy for Small Dogs

Description

Unleash Endless Fun with the Interactive Motion Activated Dog Ball

Keep your furry friend entertained for hours with the Interactive Motion Activated Dog Ball. Designed specifically for small dogs and puppies, this automatic rolling toy is perfect for providing mental stimulation and physical exercise. Whether your dog is energetic or a bit timid, this versatile toy adapts to their play style, ensuring they stay active and happy.

Product Features

This innovative dog ball is packed with features to keep your pet engaged:

- Motion-activated active rolling ball
- Automatic interactive modes: fast running (blue light) and slow running (purple light)
- Suitable for various floor types: marble, wood, tiles, and carpets
- Chirping bird sound to stimulate your dog's senses
- Rechargeable with a USB Type-C cable
- Includes two long tails for added fun

Benefits of the Interactive Motion Activated Dog Ball

- **Engages Your Dog's Mind:** The motion-activated ball encourages your dog to chase, pounce, and play, providing essential mental stimulation.
- **Encourages Physical Activity:** With its fast and slow running modes, the ball promotes physical exercise, helping to keep your dog fit and healthy.
- **Reduces Boredom:** The automatic movements and chirping sound keep your dog entertained, reducing feelings of boredom and loneliness.

- **Easy to Use:** Simply press the button to switch between modes, and let the fun begin. The ball will automatically work for 5 minutes before entering standby mode.
- **Rechargeable and Durable:** The ball is rechargeable, ensuring long-lasting fun without the need for constant battery replacements. The durable construction is perfect for small dogs and puppies.

How to Use

Getting started with the Interactive Motion Activated Dog Ball is easy:

- **Turn On/Off:** Press the button to power on. The ball will automatically start moving. To turn off the chirping bird sound, press the button twice quickly.
- **Switch Modes:** Short press the button to switch between fast running, slow running, and interactive modes, catering to your dog's activity level.
- **Charging:** The ball fully charges in 2 hours. A red light indicates low power or charging, while a steady red light means it's fully charged.
- **Automatic Play:** In standby mode, the ball will auto-start for 1 minute every hour, keeping your dog engaged even when you're not around.
