

Keyless Entry Fingerprint Smart Door Lock with Keypad and Keys

Description

Discover Unmatched Security and Convenience

Upgrade your home security with our cutting-edge Keyless Entry Fingerprint Smart Door Lock, designed to offer a seamless blend of security, convenience, and durability. With its advanced biometric technology and multiple unlocking methods, this electronic deadbolt is perfect for ensuring your home stays safe while providing easy access to those you trust.

Features That Set Us Apart

- **Multiple Unlocking Methods:** Choose from fingerprint, password, or key to access your home, accommodating up to 300 unique passcodes and 50 fingerprints for family and friends.
- **Exceptional Weather Resistance:** The aluminum alloy panel and IP63 waterproof rating ensure your lock withstands all weather conditions, from -22°F to 158°F.
- **Long-lasting Battery:** Powered by four AA batteries, enjoy up to a year of reliable security with low battery alerts for timely replacement.
- **One-time Password & Anti-Peeking Code:** Enhance security with one-time passwords for guests and an anti-peeping feature for added privacy.
- **Easy Breezy Access:** Auto-lock feature for peace of mind, manual lock option, and a constant open mode for frequent access during gatherings.

Why Choose Our Smart Door Lock?

Our product's basic features include advanced fingerprint recognition, durable construction, and versatile unlocking methods. It's best used in homes needing high security with convenient access for family members and temporary guests. What makes our product special is the combination of high-tech security features with user-friendly functionality, ensuring your home is safe yet welcoming. Experience the future of home security today.

Transform Your Home Security

Don't wait to enhance your home's safety and convenience. With our Keyless Entry Fingerprint Smart Door Lock, you're not just installing a door lock; you're upgrading to a smarter, safer home. Embrace the ease of keyless living with a lock that's built to last. **Order yours today and step into the future of home security!**
