

Kid's Inflatable Swimming Seat Float

Description

Overview

Make a splash with our Kid's Inflatable Swimming Seat Float! Designed for the little ones who are just getting their feet wet, this swimming circle offers a safe and enjoyable way for your child to enjoy the water. Perfect for pool days, beach outings, and any sunny day in between, this float is a must-have for summer fun.

Key Features

- Soft and durable construction using 0.28mm environmental PVC.
- Advanced seamless edge sealing for enhanced safety.
- Crystal nozzle with double anti-leakage design.
- Colorful, child-friendly design that appeals to young swimmers.

Specifications

- Inner Diameter (Swimming Ring): 9.5 inches post-inflation.
- Outer Diameter (Swimming Ring): 21.7 inches, suitable for children aged 3-8 years and weighing 15-35kg.
- Inner Diameter (Swimming Trouser Loop): 8.7 inches post-inflation.
- Outer Diameter (Swimming Trouser Loop): 21 inches, suitable for children aged 1-5 years and up to 30kg.

Best Uses

This inflatable swim ring is best used under adult supervision in shallow water, making it perfect for teaching your kids how to swim in a fun and secure environment. Its lightweight and portable design makes it easy to carry to the beach, pool, or even the backyard for a splashy playdate.

What Makes It Special?

What sets our swimming seat float apart is its commitment to safety and comfort. The robust PVC material ensures it can withstand enthusiastic play, while the thoughtful design features like the broad bonding width and anti-leak crystal nozzle provide peace of mind to parents. It's not just a swim aid but also a fun introduction to water for children, making every dip a delightful experience.

Ready to Dive In?

Don't wait any longer to add this essential piece of summer gear to your child's outdoor fun collection. **Buy now** and watch your little one become a water enthusiast with our safe and entertaining Kid's Inflatable Swimming Seat Float!
