

LED Photon Face & Neck Massager

Description

Revitalize Your Skin in a Flash!

Unearth the secret to radiant and youthful skin with our LED Photon Face & Neck Massager! This dynamic device not only rejuvenates your skin but also ensures a deep and comprehensive care that leaves your face feeling refreshed and revitalized. Say goodbye to the signs of aging and embrace the future of skin care technology.

Key Features:

- **Positive and Negative Ions:** Harness the power of ion attraction to deeply cleanse and introduce beauty ingredients right to the skin's core.
- **Vibration Mode:** Tighten and elevate your skin's natural elasticity while enhancing metabolic activities with the magic of mechanical vibration.
- **Warm Mode:** Relish in the gentle warmth as it aids absorption, stretches skin texture, and imparts a fuller look.
- **Three-Color LED Photon Therapy:** Dive into the benefits of Red light (reduces wrinkles), Blue light (enhances collagen synthesis and manages oily skin), and Green light (improves microcirculation and balances the skin).

Benefits Galore:

- Shrink pores, lighten spots, and combat acne with the Clean Skin Brightening Mode.
- Introduce skin care products deeply with EMS Nursing Mode, resulting in a whiter, rejuvenated skin and reduced wrinkles.
- Boost skin circulation, improve elasticity, and restore vibrant radiance with Warm Moisturizing Mode.

Specifications:

- Working Principles: LED, EMS, Warm, Vibration Massage
- Size: 89*47*120mm
- Material: Durable Plastic
- Vibrating Frequency: 7000 times/min
- Heating Temperature: Comfortable 45 degrees
