

Long-Arm 15-Channel Radio Control Excavator

Description

Discover the Ultimate Excavating Adventure

Introducing the perfect blend of entertainment and learning – our 1/14 Scale Long-Arm 15-Channel Radio Control Excavator. This high-quality model, ideal for children over 8 years old and hobbyists alike, offers a realistic and engaging excavating experience. The combination of a durable metal bucket and robust ABS body ensures safety and longevity, making it a must-have for every young engineer's collection.

Key Features

This Radio Control Excavator stands out with its exceptional 15 channels of control, providing a realistic operating experience. Its proportional 1/14 scale size mirrors the true dimensions of an actual excavator. Enhanced by a 2.4GHz radio frequency, it ensures a stable control distance of over 25 meters. The excavator comes with a rechargeable 7.2V 400mAh battery, offering over 15 minutes of uninterrupted playtime. Moreover, the easy-to-use remote control requires 2 AA batteries (not included) for operation.

Product Benefits

- **Realistic Design:** Mimics the look and feel of a real excavator, enhancing imaginative play.
- **Enhanced Control:** 15 channels for versatile movements, including digging, lifting, and rotating.
- **Durable Construction:** Metal bucket for realistic operation and ABS body for durability.
- **Long Playing Time:** Over 15 minutes of playtime with a quick 4-hour recharge.
- **Safety First:** Designed with children's safety in mind, featuring non-toxic materials.
- **Learning Experience:** Helps develop fine motor skills and understanding of machinery.

When to Use

This RC Excavator is perfect for indoor and outdoor play, ideal for young enthusiasts to explore and understand mechanical concepts and for hobbyists who appreciate detailed scale models. It's a great choice for birthdays, holidays, or as a special treat for any aspiring young engineer.

What Makes It Special?

What sets this excavator apart is its authentic design and functionality. The metal bucket adds a touch of realism and durability, while the 15 control channels offer a comprehensive and realistic operating experience. Its assembly requirement provides a rewarding DIY project, further enhancing its educational value.

Ready to Dig into Fun?

Don't wait any longer to add this exceptional 1/14 Scale Long-Arm 15-Channel Radio Control Excavator to your collection. Perfect for budding engineers and RC enthusiasts, it promises hours of creative play and learning. Order now and get ready to embark on a thrilling excavating adventure!
