

M8 Smart Visual Doorbell

Description

Enhance Your Home Security

Stay connected and keep your home secure with the M8 Smart Visual Doorbell. Equipped with a two-way intercom, infrared night vision, and remote monitoring capabilities, this WiFi-enabled doorbell ensures you never miss a visitor or an alert. Whether you're at home or on the go, you can communicate with anyone at your door using the built-in microphone and speaker via the mobile app. The simple installation process requires no wiring, making it an effortless addition to your home security system.

The M8 Smart Video Doorbell features crystal-clear video resolution of 640×480, allowing you to see who's at your door, even at night, thanks to its infrared night vision. With a pickup distance of 5 meters and remote monitoring capabilities through your phone, this doorbell provides peace of mind by allowing you to see, hear, and speak to visitors in real-time. Whether you're monitoring package deliveries or ensuring your home is secure, the M8 Doorbell is the perfect tool to enhance your home's protection.
