

Portable Water Dental Flosser

Description

Revolutionize Your Oral Hygiene with Our Portable Water Flosser

Discover the ultimate solution for maintaining impeccable oral hygiene, regardless of where you are! The Portable Water Dental Flosser SG833 is your new best friend in achieving a cleaner, fresher, and healthier mouth. This innovative device uses advanced PULSE water jet technology to remove plaque, bacteria, and food particles from the hardest-to-reach areas of your mouth, ensuring a thorough clean every time.

Compact and lightweight, this dental irrigator is perfect for on-the-go use, providing the convenience you need to maintain your oral care routine without compromise. Its sleek design, available in elegant White and Black, not only adds a touch of sophistication to your bathroom counter but also makes it a thoughtful and practical gift for loved ones.

Key Features & Benefits

- **Efficient Cleaning:** With a jet pulsation frequency ranging from 1600 to 1999 imp/min, this flosser effectively dislodges food particles and plaque, even in the most difficult-to-reach areas.
- **Customizable Experience:** Choose from three working modes – Daily, High, and Pulse – to tailor your flossing experience to your specific needs and preferences.
- **Generous Water Capacity:** The 200ML water tank ensures you have ample water for a thorough clean, without the need for constant refills.
- **Convenient USB Charging:** The device's USB rechargeable feature means you can easily charge it anywhere, anytime – ensuring it's always ready when you need it.
- **Waterproof Design:** With an IPX7 waterproof rating, this dental flosser is easy to clean and maintain, ensuring longevity and optimal performance.
- **Multiple Nozzles Included:** With five or more nozzles included, this device is versatile and adaptable, perfect for the entire family to use.
