

## Winter Thermal Electric Heated Cycling Gloves

### Description

### Discover the Warmth of Innovation

Embrace the cold season with our high-tech Electric Heated Cycling Gloves. Designed for both men and women, these gloves are a game-changer for winter outdoor activities. Whether you're cycling, motorbiking, or camping, our gloves ensure your hands stay warm and comfortable in any weather.

### Advanced Heating Technology

At the heart of our gloves is a cutting-edge carbon fiber thermal system. This material is known for its high thermal conductivity and robust damage resistance, providing efficient and even heat distribution. The gloves feature 20% more heating elements in crucial areas like the thumbs, palms, and fingertips, ensuring no part of your hand is left out in the cold.

### Comfort and Convenience

Constructed from a blend of polyester, neoprene, and cotton, these gloves strike the perfect balance between warmth and breathability. They're windproof yet allow your skin to breathe, ensuring maximum comfort. The touchscreen-compatible thumb and index finger mean you can use your devices without exposing your hands to the cold.

### Customizable Warmth

Choose your ideal temperature with the smart three-speed switch. With a maximum temperature of 65 degrees Celsius, these gloves adapt to your personal comfort level. The adjustable Velcro wrist straps ensure a snug fit for any hand size, from M to 3XL.

## Safety Features

Safety is a top priority. Our gloves come with anti-slip palms to enhance your grip and a zippered battery pocket for secure battery storage. These features ensure your hands are protected in case of any slips or falls.

## Long-Lasting Performance

Powered by high-performance 7.4V, 2200mah lithium batteries, our gloves offer prolonged warmth. Enjoy up to 7 hours of low heat setting, perfect for long outdoor adventures. The heating elements cover both the five fingers and the back of the hand, ensuring comprehensive warmth.

## Product Highlights

- Rechargeable 1801mah-3000mah battery
- Three heat settings for personalized comfort
- Durable polyester, neoprene, and cotton materials
- Windproof and touchscreen compatible
- Available in multiple sizes: M to 3XL
