

Wireless Bluetooth Headband with HD Stereo Speakers

Description

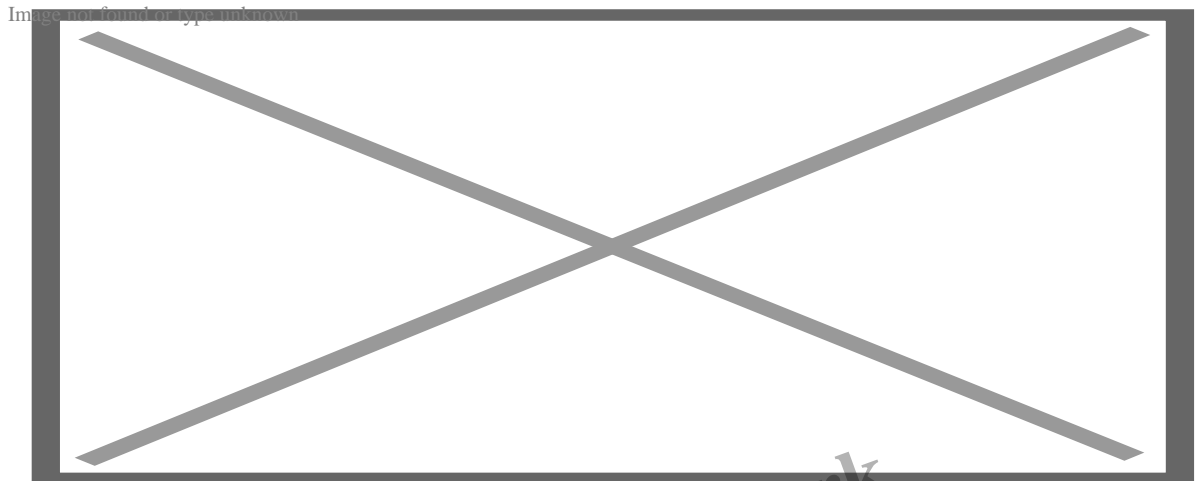

Experience Unmatched Comfort and Sound Quality

Introducing the ultimate solution to your audio needs – the Wireless Bluetooth Sleep Headband. Whether you’re looking to enhance your sleep, intensify your workouts, or enjoy music on the go, this innovative headband is your perfect companion. Its unique 3-in-1 design combines sleep headphones, wireless earphones, and a sports headband into one seamless package. Enjoy the freedom of Bluetooth 5.0 technology, offering a 33-foot range and compatibility with most wireless devices.

Designed for Comfort and Convenience

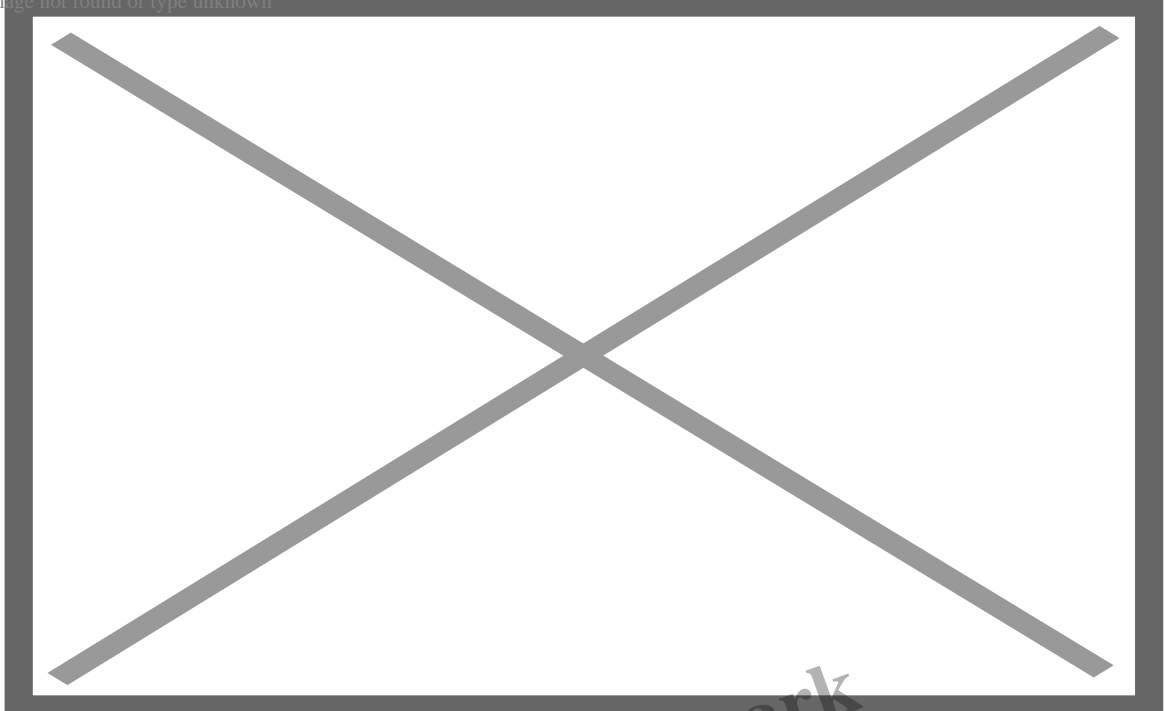

Specifically engineered for side sleepers, the control module is strategically placed in the center to avoid ear pressure, ensuring a comfortable night's sleep. The ultra-thin speakers are not only comfortable but also effective in blocking out ambient noise without the discomfort of earplugs. Made from soft, breathable, and sweat-absorbent material, this headband is perfect for intense workouts and jogs. Plus, it's easily washable – just remove the headphones for a quick clean.

Long-Lasting Performance for Active Lifestyles

Powered by a high-performance 240mAh battery, enjoy up to 10 hours of playtime on a single charge. This ensures uninterrupted listening throughout your night or during long workouts. Additionally, the sleep headphones are engineered to avoid disruptive low battery beeps, ensuring your sleep or activity is never disturbed.
