

Wireless Bluetooth Over-Ear Headphones with Active Noise Cancelling and Hi-Res Audio

Description

Immerse Yourself in Superior Sound with Hybrid Active Noise Cancelling

Experience the ultimate in audio performance with these Wireless Bluetooth Over-Ear Headphones featuring Hybrid Active Noise Cancelling technology. Whether you're commuting, traveling, or simply enjoying your favorite music, these headphones deliver premium sound quality by blocking out up to 95% of external noise. With powerful 40mm drivers and Hi-Res audio, every beat is crystal clear, offering deep bass, bright mids, and crisp highs.

The advanced noise reduction feature ensures an uninterrupted listening experience, ideal for long flights, crowded spaces, or even the office. Say goodbye to distractions and hello to pure sound immersion.

Key Features

- **Hybrid Active Noise Cancelling:** Blocks out background noise with up to 35dB depth for a peaceful audio experience.
- **Hi-Res Audio:** Dual 40mm drivers deliver superior sound quality with rich bass, clear mids, and detailed highs.
- **Long Battery Life:** Enjoy up to 50 hours of playback in Bluetooth mode or 40 hours with ANC and Bluetooth combined.
- **Quick Charging:** USB-C fast charging gives you 4 hours of playtime in just 15 minutes.
- **Transparency Mode:** Easily switch to let in ambient sounds, perfect for quick conversations or staying aware of your surroundings.
- **Comfortable Fit:** Memory foam earcups and a lightweight design ensure comfort during long listening sessions.

- **Multi-Point Connection:** Connect to two Bluetooth devices simultaneously for seamless switching between calls and music.
- **5-Mic HD Call Experience:** Provides crystal-clear voice clarity with advanced noise isolation for hassle-free communication.

Perfect for All-Day Use

These over-ear headphones are built for comfort and convenience. With memory foam earcups and an adjustable headband, they fit snugly without putting pressure on your ears, making them perfect for extended wear. Whether you're working, gaming, or just relaxing, the A10 headphones ensure a comfortable and immersive listening experience.

Why These Headphones Stand Out

What makes these headphones special is the blend of high-quality sound, active noise cancellation, and long-lasting battery life. The Hybrid ANC feature works exceptionally well in noisy environments like airplanes or public transport. Additionally, the dual sound chamber ensures minimal distortion, offering a cleaner and more dynamic sound.

Take Your Audio to the Next Level

Ready to experience sound like never before? Upgrade to these Wireless Bluetooth Over-Ear Headphones with Active Noise Cancelling and Hi-Res Audio, and enjoy an unbeatable combination of premium features and top-notch comfort. Order yours today and transform your daily listening experience!
